Standard Bookplate labels

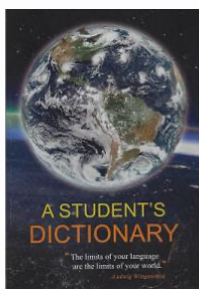

Example of 8.5” x 11” sheet
6 labels-up

Our goal is to present a personalized dictionary to every student. Children find that it’s “*pretty cool*” when we take the time to learn their names, print a bookplate, and present them with their own personalized dictionary. The lower portion of each bookplate label includes Rotary’s Four-Way Test. Our www.RotaryLiteracy.com website has simple, easy to follow instructions (using a Word template) on how to imprint the bookplates using a mail merge technique using the Microsoft Excel files that you request from the school(s). Our bookplates are suitable for personalizing ALL books and are compatible to print with either your inkjet or laser printer. Die-cut labels 6-up per sheet. Note: **Bookplate labels ship separately from the books ordered.**

Price for 6-labels up per 8.5” x 11” sheet: **\$2.00**
